Gas/liquid injection	
Application (for example air injection)	
Gas/liquid to be injected (for example air)	
Gas/liquid injection volume (m ³ /hr)	
Gas/liquid injection pressure (kPa or Bar)	
Gas/liquid pH	
Gas/liquid temperature	
Gas/liquid density	

Injected medium	
Medium that receives gas/liquid (for example slurry)	
Medium flow rate (m ³ /hr)	
Medium pH	
Medium temperature	
Medium solids (%)	
Medium density (g/l)	
Medium solids density (t/m ³)	
Corrosive compounds	
Other information	

Tank Data (gas/liquid injection)	
Tank diameter (m)	
Tank height (m)	
Agitator height (m)	
Agitator impeller diameter (m)	
Distance from agitator tip to wall of tank (m)	
Distance from agitator tip to bottom of tank (m)	
Number of Leach Tanks
